

## REQUEST TO REVIEW INGV RESEARCH PROJECTS

INGV periodically asks to its researchers to propose little projects on free research topics, as long as it concerns the Earth sciences. The amount INGV intends to finance is 500.000,00 (five hundred thousand euros). The total proposals we have received is 140.

Each proposal will be composed by:

- Summary sheet (included expense budget): 4 pages
- Proposal: max 4 pages
- Image: 1 page
- Bibliography: max 2 pages
- CV: max 2 pages for participant (max 3 participants for proposal)

INGV is putting together a committee to evaluate these projects. The committee will consist of 5 members, randomly chosen from those who will respond to this request. The committee will appoint a Coordinator empowered to keep the direct reports with INGV.

The [INGV Scientific Advisory Board](#) will establish the final panel.

Each committee member will receive 1.000 (a thousand) euros from INGV.
